

Da-Lite Compact Electrol, 163 x 290 cm with Matte White Non Tensioned - 10141173 **SKU: 10141173**

The Compact Electrol is a ceiling or wall mounted electric screen, available in all common aspect ratios. Please note: Adjust the unrolling settings of the projection surface only if absolutely required. Altering these settings may lead to a less uniformly flat projection surface. Also please be aware that modifying limit switches on tensioned projection screens will have an even more significant impact on surface flatness.

- High quality electrical projection screen, available in all common aspect ratios.
- Easy to mount onto a wall or ceiling thanks to the Easy Install system.
- The possibilities offered by Easy Install Plug and Play make connecting the screen fast and easy. The many Easy Install accessories are just as convenient and as fast to use.
- The case and the projection screen surface can be made to exactly the right size and the case and slat bar are available in any colour for optimal integration into any interior.
- Limit switches are factory set guaranteeing a long life span. The Compact Electrol is supplied with a wall switch.

Specifications
