Product **Description**

The ViewBoard IFP34 Series harmonizes a touch display with versatile software to create a comprehensive classroom solution for interactive and engaging learning. Enhancing convenience and security, its SSO sign-in functions provide quick access to personalized launchers and cloud storage. Certified under the Android Enterprise Device License Agreement (EDLA), it seamlessly harmonizes the Android™ 14 operating system with myViewBoard software and Google Play Store access to deliver enriched learning experiences enhanced by robust security features. Collaborate with split-screen multitasking; enjoy seamless connectivity and streamlined workflows empowered by two USB-C ports and vCast wireless screen casting. Powerful built-in front-facing speakers and the integrated ViewSonic Education Software completes the experience, fostering collaboration and engagement in classrooms with interactive digital tools designed to maximize students' potential. The IFP34 Series holds the prestigious EPEAT Gold and EEI Class F certification, acknowledging its adherence to strict energy consumption, supply chain carbon emissions, and end-of-life management criteria. Ideal for schools aspiring towards a green future, it offers an energy-efficient and cost-effective solution that aligns with sustainability goals.
